

TECHNICAL DATA SHEET

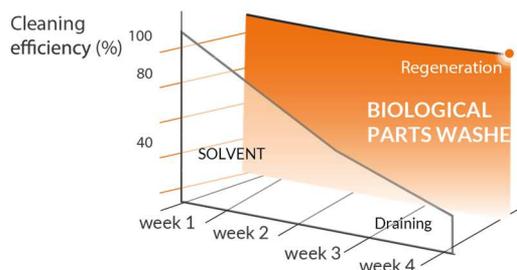

JOKISCH FOSIA BIO CLEAN.U (Jokisch BioClean Unit)

Biological parts washer

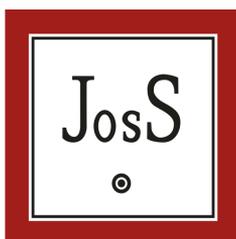

APPLICATION

The biological parts washer cleans the workpieces without solvents and is therefore very good for environmental and occupational safety. Microorganisms are used in this process for degrading impurities in the liquid.

	UNIT	JOKISCH FOSIA BIO CLEAN.U
Parts washer dimension	mm	L 905 x I 650 x H 1080
Working area dimension	mm	L 790 x I 420 x H 180
Empty weight	Kg	46
Tank capacity	Liter	55-100
Pump flow	l/h	1140
Electric consumption @ ECO Mode 12h/day	W/H	200
Standard temperature	°C	38
Power supply	V	230
Filtration	µm	700
Height of the drain	mm	390
