

TECHNICAL DATA SHEET

JOKISCH FOSIA DERMA CARE (Jokisch Derma Care)

Skin care cream for hands and face.

APPLICATION

For the care and regeneration of stressed skin, suitable for all skin types.

1. After work, apply to previously cleaned and thoroughly dried skin.
2. Apply evenly and carefully, paying particular attention to the skin between the fingers and the nails.
3. The cream is also suitable for use on the face.

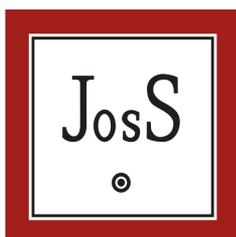

CHARACTERISTICS

Lightly perfumed, silicone free skin care cream based on water-in-oil emulsion (W/O emulsion).

- Skin suppleness and resistance remain intact
- Is quickly absorbed
- Does not leave a disturbing greasy film on the skin
- Suitable for all skin types
- Silicone-free
